SUBJECT: BLUE LANTERN POST-SHIPMENT END-USE CHECK ON
LICENSE 050117142

REF: STATE 109785

11. (SBU) In response to Blue Lantern post-shipment check on license 050117142, International Spares Services (ISS) GmbH Business Director, Albrecht Schwecht, confirmed to EconOff that the International Traffic in Arms (ITAR)-controlled tachometers purchased from MPS Logistics, Inc. are for the German Navy and not/not for the German Air Force. Specifically, Schwecht said the tachometers will be used in the Westland Sea Lynx MK88/MK88A, operated by the German Navy.

COMMENT

12. (SBU) Schwecht was very helpful and promptly responded to all inquiries regarding this case. It appears to us that the end-use statement designating the German Air Force as the operator was in error and should have read "operated by the German Navy."
